Confirmation of Residential Sanitation Collection Service

Dear City of Doraville Residential Customer:

It is a pleasure welcoming you to the DeKalb County Sanitation Division's service area. **Your designated once-a-week collection day** for garbage, recycling and yard trimmings is **Wednesday, effective Wednesday, Feb. 5.** During weeks with county-observed holidays, servicing may be

delayed (see holiday collection schedule brochure for more information). We look forward to having you join over 175,000 households within our service area currently subscribed to an array of residential collection services.

We continually strive to provide an integrated, cost-effective and efficient solid waste management program to all our customers, replete with unlimited curbside garbage, recycling, yard trimmings and bulky item collection, as well as a fee-based special collection service. A 95-gallon garbage roll cart has been provided for your household garbage disposal needs. Kindly ensure that all items for collection are placed curbside by 7 a.m. on your scheduled collection day. To ensure timely collection and the highest levels of efficiency as we service your collection needs, please follow collection policies and procedures in their entirety. The enclosed English and Spanish *residential collection procedures brochures* provide more information on our service offerings.

We are delighted to advise that every household will receive a 65-gallon recycling roll cart in the coming months. Thank you for joining our quest to advance the County's environmental sustainability efforts through your commitment to recycling. Further, we are delighted to offer residents within our service area additional environmental sustainability opportunities, including participation in our electronics recycling program, shoe and clothing recycling program, and glass recycling program. Information on these programs is contained within this welcome packet, or can be found by visiting www.dekalbsanitation.com.

The Sanitation Division continues to meet the challenges of an ever-increasing customer base, with a sustained focus on customer service excellence. Our approach to serving you will be reflected in our primary mission of maintaining a culture of operational excellence, and as reflected in our Employee Creed of Service - *A Tradition of Efficiency. Accountability. Resilience. Integrity.*

Should you have any questions or concerns, kindly contact our customer service team at 404-294-2900 or sanitation@dekalbcountyga.gov. On behalf of our various operational areas, we look forward to serving you in 2020 and beyond.

At your service,

Tracy A. Hutchinson
Director – Sanitation Division ♦ Beautification Unit

Dear Doraville Resident:

The City of Doraville is pleased to be partnering via an intergovernmental agreement with DeKalb County's Department of Sanitation on an array of trash collection services for you in 2020. Starting with the pickup date of Wednesday, Feb. 5, the county will be our new sanitation services provider.

Services to be provided include weekly solid waste, recycling and yard waste collection, along with collection of bulk goods. Please read through the materials delivered by the county, so that you are fully prepared for the changeover.

We are confident that the county will deliver superior services to our residents. However, it is important that all of us do our part to keep our City clean and attractive. Thank you for your patience and understanding during the transition, and let us know how things are going.

Sincerely,

Charles D. Atkinson
Interim City Manager
City of Doraville

NEW RESIDENTIAL SANITATION SERVICE

CITY OF DORAVILLE

Dear City of Doraville Resident:

We are delighted to welcome you to the DeKalb County Sanitation Division's service area. This welcome packet contains important information on our garbage, recycling, yard trimmings, bulky item and special collection service offerings and collection procedures. For more information on our collection procedures, as well as our comprehensive recycling program, visit our website at www.dekalbsanitation.com, or contact our customer service team at sanitation@dekalbcountyga.gov or (404) 294-2900. We look forward to serving you.

Your scheduled collection day is **Wednesday,
beginning **Wednesday, February 5**.**

This welcome packet contains the following:

Recycling Program

- Recycling program overview flyer
- Glass recycling and drop-off locations flyer
- Joint recycling, FOG and anti-litter campaign flyer

Letters

- New customer welcome letter (Sanitation Division)
- City of Doraville change in sanitation service notification

Flyer

- Container requirements flyer (English and Spanish)
- General division overview - residential collection service operation summary

Forms and Applications

- Garbage roll cart request form
- Residential collection service for disabled residents (back-door) application

Brochures

- Residential collection procedures brochures (English and Spanish)
- 2020 holiday collection schedule

DEKALB COUNTY RECYCLING

PROGRAM SUMMARY

The **residential single-stream recycling program** was implemented in 2005. This program allows for the commingling of acceptable recyclable materials. Residents who subscribe to the program receive a complimentary 35-gallon recycling roll cart, or can upgrade to a 65-gallon recycling roll cart for a one-time \$15 prepaid fee. The **commercial single-stream recycling program** is available to commercial entities on request, and for a fee. Commercial single-stream recycling subscribers are provided with either a six cubic yard recycling container, or up to two 65-gallon recycling roll carts for placing approved recyclable items.

The **school recycling program** is available to schools within the DeKalb County School District, as well as those outside the School District's portfolio but within unincorporated DeKalb and the cities with which the County has an intergovernmental agreement. All schools within the School District are currently participating in the program. This initiative is focused on waste reduction, resource conservation and environmental sustainability education for the next generation.

The **shoe and clothing recycling program** was implemented in August 2018. The program allows for the reuse and recycling of textiles, such as shoes, clothing, blankets and more. Donation bins are located at the DeKalb County Sanitation Division's administration building.

Glass is no longer acceptable in residential curbside single-stream recycling. To provide county residents with an alternative to placing glass in their curbside recycling or garbage, the **glass recycling drop-off program** was implemented in July 2017. Fifteen large volume glass recycling drop-off containers are strategically located in parks, recreation centers, libraries, fire stations and other facilities in county commission districts.

The **electronics recycling (e-recycling program)** allows for the recovery, reuse and recycling of electronics that have reached the end of their useful life. An e-recycling drop-off container is located at the county-owned Seminole Road Landfill.

GARBAGE, RECYCLING AND YARD TRIMMINGS CONTAINER REQUIREMENTS

APPROVED

County-provided 45-, 65- or 95-gallon garbage roll cart
Secure, durable plastic bag for excess garbage

County-provided 35- or 65-gallon recycling roll cart

Customer-provided metal or plastic container (20 to 40 gallons) and biodegradable paper bag for yard trimmings

NOT APPROVED

Customer-provided garbage container or box

Customer-provided recycling container, bag or box

Plastic bag, box and customer-provided container less than 20 gallons and greater than 40 gallons for yard trimmings

Residents not adhering to approved container requirements will not be serviced by the DeKalb County Sanitation Division

General Division Overview

Residential Service Operation Summary

Mission statement

To provide an efficient, cost-effective and sustainable integrated solid waste management program for residents and businesses within our service area, with a sustained focus on customer service excellence

Culture/employee creed of service

- Maintain a tradition of efficiency • accountability • resilience • integrity

Awards and recognition

- 2018 APWA Georgia Chapter Award of Excellence • 2018 SWANA Georgia Chapter Solid Waste Professional Award • APWA Georgia Chapter awards in the recycling, public education, communications and environmental projects categories

Historical information

Sanitation Division formed in 1937 • Twice-per-week garbage collection service in the 1940s • Recycling program in 1974 • Single-stream recycling program in 2005 • Sanitation Division administration building opened in 2008 • Street naming (Leroy Scott Drive) in honor of 37-year Sanitation Division Director Leroy Scott in 2008 • Once-a-week/consolidated collection and standardized garbage and recycling containers in 2015 • First female division director in 2017

Operational areas (641 employees)

- General day-to-day operations - oversight by division director
- Residential collections - oversight by assistant director, residential collections
- Commercial collections - oversight by commercial services superintendent
- Processing - oversight by two transfer station superintendents
- Disposal - oversight by landfill operations superintendent
- Communications - oversight by public relations manager
- Administrative services - oversight by administrative services manager
- Payroll & personnel services - oversight by payroll/personnel supervisor

Service area (commercial and residential - subject to change)

- Unincorporated DeKalb, and the cities of Brookhaven, Dunwoody, Stonecrest, Lithonia, Stone Mountain, Tucker, Pine Lake and Doraville from Jan. 1, 2020 (pending a fully executed IGA)

Integrated solid waste management program

- Collection fleet - rear loaders; semi-automated side loaders; fully automated side loaders; front end loaders; roll-off service trucks; special equipment/grappler trucks
- Processing - North and Central transfer stations
- Disposal - Seminole Road Landfill (opened 1972; currently - 70 years of useful life remaining)

Joint solid waste management plan

- Cities of Avondale Estates, Chamblee, Clarkston, Decatur and Doraville

Components of our core business

- Three collection streams - garbage; single-stream recycling; yard trimmings

General Division Overview

Residential Service Operation Summary

Other services we offer

- Special and bulky item collections; animal crematory; dead domestic animal collection; landfill services; compressed natural gas (CNG) public fueling stations; compost /mulch operation; collection service for disabled residents

Environmental sustainability projects/certifications

Green energy facility opened (2006) • Renewable fuels branding ([DeKalb Fuels](#)) (2012) • Renewable fuels facility opened (2012) • Compressed natural gas public fueling station opened (2016) • Electric vehicle charging station (2015) • Administration building LEED certification (2008)

Recycling programs

- Single-stream; glass; shoe & clothing; electronics; school; mulch/compost

Recycling program statistics (materials diverted from the Seminole Road Landfill in 2018)

- Commercial - 2,411 tons • Residential - 13,194 tons • Glass - 826 tons

Beautification unit programs

- Clean Communities (litter abatement; illegal dumping; community cleanups; community beautification projects; Adopt-a-Programs)
- Roadside Enhancement (mowing; herbicide; tree trimming; curb bumping; street sweeping)

Residential Service Operation Summary

Staff structure

- Assistant director • Superintendent • Nine general foreman • 16 crew supervisors • Drivers and crew workers • Administrative staff

Fleet

- 200 - rear loaders; semi-automated side loaders; automated side loaders; grapple trucks

Service offerings

- Garbage; single-stream recycling; yard trimmings; special collections; bulky item collections

Service days

- Four days per week - Monday through Thursday

Container offerings

- 45-, 65- and 95-gallon garbage roll carts
- 35- and 65-gallon recycling roll carts

Customer base

- Over 173,000 households (subject to change)

BULKY ITEMS

Bulky items include all large trash items that cannot fit in garbage roll carts. All bulky items are collected by special collection vehicles, and are included in residential annual sanitation assessment fees.

These items must be placed neatly at the curb without blocking mailboxes, driveways, sidewalks, drainage systems, roadways and utilities. Residents are encouraged to report bulky items via telephone (404) 294-2900 or email sanitation@dekalbcountyga.gov as soon as the items are properly placed at the curb for collection.

ACCEPTABLE ITEMS

Furniture and other large items such as:

- Chairs and tables
- Couches, loveseats and futons
- Mattress and box spring
- Lawn furniture and lawn mowers (gas and oil must be removed prior to placing at the curb)
- Grills (NO PROPANE TANKS)
- Microwave ovens
- Toys, bicycles and playground equipment
- Hand-held tools and accessories
- Toilets
- Televisions

WHITE GOODS

- Stoves and water heaters
- Refrigerators & freezers (contents and doors/lids must be secured or removed on all items prior to placing at the curb)

SPECIAL COLLECTIONS (fee required)

- Dead domestic animals
- Automobile tires (maximum of four - no commercial tires)
- Construction, demolition and remodeling materials including carpet, fencing, decking, etc. (roll-off containers available)
- Trees and large volumes of improperly prepared yard trimmings
- Tree limbs cut by professional or hired contractors

UNACCEPTABLE ITEMS

- Batteries: large-sized alkaline batteries and wet cell/lead acid batteries, such as the kind found in cars, trucks and boats
- Hazardous materials of any kind
- Waste in nonstandard county-provided container

CURBSIDE RECYCLING

The curbside single-stream recycling program is a voluntary subscription-based program that allows the commingling of recyclable items in county-provided recycling roll carts.

Recycling subscribers can obtain either a standard complimentary 35-gallon recycling roll cart, or upgrade to a 65-gallon recycling roll cart for a one-time \$15 prepaid fee. To subscribe, please submit an application via the online portal, email, mail or in person at the Sanitation Division's administrative office. Once an application is received and processed, residents will receive their recycling roll cart within 10 business days. Please visit www.dekalbsanitation.com for more information, including roll cart upgrade prepayment fee instructions.

ACCEPTABLE ITEMS

- All steel, tin and aluminum cans
- Newspapers, magazines, phone books and catalogs
- Small and large cardboard boxes (flattened), no packing materials
- Cereal and pantry paper boxes
- All types of paper, including copy and wrapping paper
- Frozen food containers (remove food liners & foil)
- Tissue and paper towel cylinder cores (no tissue or paper towels)
- Coated paper inserts
- Books, circulars, brochures, manila folders
- Envelopes, junk mail (shredded paper must be in transparent bags and tied prior to placing at curb)
- PETE, NPDE, PV, LDPE, PP, PS and plastics 1-7 that held food and beverage

UNACCEPTABLE ITEMS

- Paper towels, tissue, paper plates and cups
- Waxed paper, cellophane paper or plastic wrap
- Aluminum or tin foil
- Foam rubber material or packing material
- Plastic grocery or department store bags
- Dry cleaning bags; paper slips
- Cereal box liners, frozen food box liners, and foil
- Ceramic or aerosol containers
- Pane glass windows or mirrors
- Pesticides and herbicides
- Petroleum or oil
- String, twine or strapping material
- Polystyrene cups and to go trays
- All glass containers that held food and beverage (please use glass recycling drop-off containers)

HOUSEHOLD GARBAGE

Every household in unincorporated DeKalb County and the cities of Brookhaven, Dunwoody, Lithonia, Tucker and Stonecrest is provided with a standard 65-gallon roll cart for garbage collection. All household garbage must be placed in secure plastic bags prior to placement in the roll cart. Any overflow (excess) garbage can be placed in durable plastic bags, tied securely and placed beside the roll cart. Residents also have the option of obtaining additional garbage roll carts for excess garbage, which will result in an increase in annual sanitation assessment fees. Items must be placed curbside before 7 a.m. on residents' scheduled collection day. Roll carts must be removed by 7 p.m. on residents' scheduled collection day, or according to city code or Homeowners Association (HOA) covenants, if applicable.

Household garbage placed in containers not provided by the DeKalb County Sanitation Division will not be serviced.

UNACCEPTABLE ITEMS (should not be placed in roll cart)

- Dirt, rocks, sod, concrete, hot ashes
- Toxic waste or liquid waste
- Motor oil and filters
- Building materials
- Wet cell batteries
- Construction debris (remodeling)
- Sinks and bathtubs
- Dead animals
- Yard trimmings
- Large appliances or furniture
- Playground equipment
- Automobile tires
- Wood and metal fences
- Decking or other construction and demolition material not identified in the **Special Collections** category
- Loose trash

Proper disposal warning for sharp objects, razor blades, lancets, needles and broken glass

These items can puncture a plastic bag and cause injury to the refuse collector. Please place these items in a taped plastic container with a lid, with the words "Do not recycle."

For more information on garbage roll cart options, and garbage collection policies and procedures, please visit www.dekalbsanitation.com.

YARD TRIMMINGS

Yard trimmings include grass clippings, leaves, twigs, branches, limbs, tree parts, shrubbery, vines, garden plants and other naturally occurring vegetative matter. All yard trimmings must be properly prepared for collection. Approved yard trimmings containers must be placed curbside by 7 a.m. and removed by 7 p.m. on residents' scheduled collection day.

ACCEPTABLE CONTAINERS

- Durable metal containers with two handles (20- to 40-gallon capacity)
- Durable plastic containers with two durable handles (20- to 40-gallon capacity)
- Biodegradable paper bags (no plastic bags)

COLLECTION PROCEDURES

- Biodegradable bags must be folded at the top to minimize rain deterioration
- Branches and limbs must be trimmed of twigs, vines & leaves
- Twigs, vines and leaves must be placed in an approved container
- Tree limbs must not exceed four feet in length
- Items must be stacked neatly at the curb
- Tree parts (each piece) must not exceed 50 lbs.
- Containers or bags should not contain dirt, or will require a special collection fee

Large piles of yard trimmings not meeting the above restrictions can be scheduled for special collection with appropriate prepayment fees. See **Special Collection Procedures** on our website.

Tree limbs cut by professional or hired contractors and left at the curb for collection will incur a special collection fee.

PROPER PROCEDURE

(properly prepared yard trimmings)

SPECIAL COLLECTIONS fee applies

(improperly prepared yard trimmings)

SANITATION DIVISION MISSION STATEMENT

To provide an efficient, cost-effective and sustainable integrated solid waste management program for residents and businesses in unincorporated DeKalb County and the cities of Brookhaven, Dunwoody, Lithonia, Tucker and Stonecrest, with a sustained focus on customer service excellence.

RECYCLING PROGRAMS

RESIDENTIAL SINGLE-STREAM RECYCLING

The residential curbside single-stream recycling program is a free subscription service offered to county residents, and is a critical component of the county's environmental stewardship efforts. Currently, over 88,000 households participate in the program. For more information and to subscribe, please visit www.dekalbsanitation.com.

GLASS RECYCLING

The placement of glass in residents' curbside single-stream recycling is no longer permitted. However, residents are encouraged to continue recycling glass. Several large volume county-operated glass recycling drop-off containers are located throughout the county, and are available for public use. This program seeks to provide county residents, particularly avid glass recyclers, with an alternative to placing glass in curbside garbage, thus preserving the integrity of recycled glass and making it a much more marketable and valuable resource. Please visit www.dekalbsanitation.com for more information, including a listing of glass recycling drop-off container locations.

E-RECYCLING

Electronics recycling, or e-recycling, is a term used for recycling electronics that have essentially reached the end of their useful life. The county's goal is to promote the recovery, reuse and recycling of obsolete electronic equipment, while diverting some electronics from the Seminole Road Landfill. Residents can drop off approved e-recycling items at the County's Seminole Road Landfill, 4203 Clevermont Road, Ellenwood, GA 30294. Please visit www.dekalbsanitation.com for more information.

RECYCLE - DEKALB COUNTY SANITATION DIVISION

DeKalb
single-stream recycling
A Sanitation Division Initiative

More than half the solid waste going to our county-owned Seminole Road Landfill is residential waste that could have been recycled. Recycling helps create green jobs, control rising sanitation costs, and decrease the amount of solid waste going to the Seminole Road Landfill, extending the Landfill's useful life.

We offer a subscription-based residential single-stream recycling program at no additional cost to residents. The single-stream feature allows for recyclable items to be commingled, and loosely placed in a county-provided recycling container. Due to recent changes in the program's container options, 18-gallon recycling bins and 40-gallon recycling bags are no longer offered. A standard 35-gallon roll cart replaces the bin and bags, and a larger 65-gallon roll cart upgrade option is also available. Existing subscribers with 18-gallon bins must trade them in for a 35- or 65-gallon roll cart.

New Recycling Subscriber

Complimentary 35-gallon roll cart
or
65-gallon roll cart upgrade
(\$15 prepaid fee)

Existing Recycling Subscriber

Complimentary 35-gallon roll cart
(Mandatory trade in of 18-gallon recycling bin)
or
65-gallon roll cart upgrade
(\$15 prepaid fee and mandatory trade in of 18-gallon bin)

Residents can complete the roll cart exchange process online, by email, mail, or in person at the Sanitation Division's administrative office, 3720 Leroy Scott Drive, Decatur, GA 30032, Monday through Friday, from 7 a.m. – 6 p.m. If necessary, roll cart delivery to residents' homes is available.

Join over 105,000 households currently subscribed to the program, which represents 60 percent of households within the Sanitation Division's service area.

FOG - DEKALB COUNTY DEPARTMENT OF WATERSHED MANAGEMENT

What are fats, oils and grease (FOG)?

FOG is composed of the animal and vegetable fats and oils that are used to cook and prepare food.

Where does FOG come from?

- Baking goods
- Food scraps
- Meat fat
- Dairy products
- Butter and margarine
- Sauces
- Cooking oil
- Lard
- Shortening

What happens when FOG is not properly disposed of?

FOG should be properly disposed of or recycled. It enters the plumbing system through home garbage disposals, kitchen sinks and toilets, coats the interior of pipes, and empties into the county's sewer system. Sewage overflows are caused by excessive accumulation of FOG in the sewer system, which can result in backups into homes and businesses. These repairs can increase costs for water and sewer services.

Best practices for proper disposal of FOG

Pour cooled fats, oils or grease into a sealable container and throw it in the trash. Do not pour down the sink or toilet.

Scrape plates and cookware before washing. Do not throw scraps of any kind down the sink. Instead, place them in waste containers or garbage bags.

Wipe excess grease from all plates, pots, pans, utensils and surfaces with a paper towel before washing. Throw the greasy paper towels away.

Decomposed grease and other organic materials at the county-owned Seminole Road Landfill are used in the waste-to-energy conversion process at the Landfill's Green Energy facility.

This energy source is used to generate electricity that is sold to Georgia Power, and used to provide electrical power to several thousand homes.

LITTER & COMMUNITY CLEANUPS - KEEP DEKALB BEAUTIFUL

Community cleanups are the heart of Keep DeKalb Beautiful. Whether conducted routinely through Adopt-a-Program membership or as part of a specific event by a local group, these organized volunteer efforts greatly enhance the work that we do. These events often foster deeper connections with neighbors as well as a greater sense of community pride. If you are interested in learning more or hosting your own event, please visit keepdekalbbeautiful.org, or contact us today by calling (404) 294-2010 or emailing kdb@dekalbcountyga.gov.

GLASS RECYCLING PROGRAM

in partnership with **STRATEGIC MATERIALS**
Recycling Earth's Resources

A Move Toward Contaminant-free Recycled Glass

The DeKalb County Sanitation Division discontinued the placement of glass in curbside single-stream recycling, and offers residents dedicated county-operated glass recycling drop-off locations featuring a glass sort-separation process. Engage in this nationwide trend to divert glass from landfills, as DeKalb becomes the first county in Georgia to offer an official glass recycling drop-off program in an urban area. Please join the quest to make glass a more sustainable and valuable recyclable material.

DeKalb Glass Recycling Loop

Glass food and beverage containers are 100% and infinitely recyclable

Program's Benefits

- Extends a landfill's useful life
- Supports recycling and the closed-loop recycling process
- Lowens production costs for glass container manufacturers
- Creates jobs in the glass container and fiberglass industries
- Conserves natural resources/Reduces the consumption of raw materials
